What is TOGAF® Enterprise Architecture Foundation

In the TOGAF® Enterprise Architecture Foundation training you will gain knowledge and understanding of Enterprise Architecture based on TOGAF® Standard 10th edition.
When you have passed the exam, you are to get certified and you have knowledge of and insight into the TOGAF standard. You can schedule this exam at your own convenience and it is part of the training price.
You have the following competences:

- A common language with TOGAF users
- A basic understanding of the TOGAF approach to Enterprise Architecture
- The required qualification to become a TOGAF Enterprise Architecture Practitioner.

In addition to the theoretical background, the trainer gives examples of the practical application of the TOGAF frameworks and there is room for discussion about the application.

Who should attend TOGAF® Enterprise Architecture Foundation

This training is specifically aimed at:

- Individuals who need a basic understanding of a proven Enterprise Architecture methodology
- Professionals who work for or join an organization applying the TOGAF Standard
- Individuals who need to start to learn the TOGAF method
- Individuals who want to achieve the TOGAF® Enterprise Architecture Practitioner qualification in a stepwise manner, or other certifications and certification credentials from The Open Group where this certification is a prerequisite.

A prior knowledge of Enterprise Architecture is advantageous but not required. The training primarily teaches you the TOGAF® Enterprise Architecture framework and provides all theory to study for and pass

the TOGAF® Enterprise Architecture Foundation exam.

Prerequisites

Some knowledge of Enterprise Architecture is recommended.

Objectives

Each Enterprise Architecture team provides support in selecting the most effective improvement and guiding the resulting change. To deliver, every Enterprise Architecture team faces the same challenges:

- How to configure their method of developing Enterprise Architecture
- How to document their enterprise architecture
- How to ensure that the implementation conforms to the architecture
- How to ensure that architecture remains a continuous process.

The TOGAF standard provides the common concepts, structure and enduring best practices to help Enterprise Architects perform.
TOGAF® Enterprise Architecture Foundation and TOGAF® Enterprise Architecture Practitioner provide you with the certifications to show you master these challenges.
The Applied Practitioner Open Badge is awarded to individuals who pass their exams and have satisfactorily completed the TOGAF Enterprise Architecture Practitioner Learning Studies.
This Foundation training gives you the basics of the framework and prepares you for the Foundation exam.
