Continuous development is crucial for IT professionals

Employee training has changed a lot over the years. These days, it has to be fast, attractively priced and above all, effective. Being (and remaining) professionally fit is getting more and more important for your employees.

Development is crucial for IT professionals. Training budgets are however under pressure, and there is not a lot of time for participating in training courses.

In order to cope with this dilemma and ensure you that your IT professionals are fit and employable, Capgemini Academy now offers All You Can Train.

Unlimited training programs for a fixed amount per month

With All You Can Train, your employees can take part in unlimited group training programs at Capgemini Academy for a fixed amount per month

You will find the complete range of group training courses on our website: academy.capgemini.com

It is easy for participants to register for the training course of their choice via our website or via your own learning portal.

In which field of expertise can IT professionals acquire proficiency?

Participants have over 500 training programs to choose from, divided among various fields of expertise and trends. Our offering is fine-tuned to meet the development needs of IT professionals. With 200,000 employees in more than 40 countries, Capgemini has clear insight into IT and the developments affecting our industry.

IT professionals can become proficient and expand their skills by participating in a group training course in one of the following fields of expertise:

- Agile & Scrum
- Application Development
- Architecture
- BIM
- BPM
- Business Analysis
- Cyber Security
- Data Analytics
- Digital Customer Experience
- IT Service Management
- Personal Skills
- Project Management
- Requirements
- SAP
- Testing

The advantages of All You Can Train at a glance

- Participate in an unlimited number of training programs for a fixed amount per month.
- Prior insight into the development costs for your employees.
- Option of purchasing per organizational division/business unit.
- Less training-related administrative work means savings for you.
- Much lower barriers to continued development for professionals.
- Excellent addition to your employee benefits.

About Capgemini Academy

Capgemini Academy's professionals offer what people in IT need. Our professionals have a keen eye for motivation, talent and are aware of specific contexts and circumstances. They move people to move. Programmes and courses that originate from daily experience of our both didactical and substantively strong trainers, light a fire within the individual IT professionals. Real life stories of our professionals' experience that tell how to solve problems and work with the people around it, do the rest.

An organization, like ours, helps people and their organizations day by day to get the best out of themselves and each other. We prepare them to defy tomorrow's challenges. We stimulate learning and curiosity. In order for individual IT professionals and their employers, to build better, longer and more intensive relationships. For mutual benefit.

Capgemini Academy. We transform IT professionals
