

Professional Scrum Master training (EN)

Group Training

Training code	SCRUMPSM
Spoken Language	English
Language Materials	English
Dayparts	4
Price	€1.500,00 excl. VAT No extra costs.

What is Professional Scrum Master

Scrum is the most widely used framework for Agile software development. In contrast to the simplicity of the Scrum framework itself, good application in practice is not obvious.

One of the success factors of Scrum is an effective Scrum Master. In this training we go through all aspects of Scrum's roles, events and artifacts. But we also look at things like requirements, team building, motivation and scaling of Scrum.

This training is the official training Scrum.org. If you have any (theoretical) knowledge of Scrum, you can also choose our one-day Scrum Master training. After the training you can do the global Certified Professional Scrum Master Level I (PSM I) assessment of Scrum.org, on a chosen time and place. The cost of the exam is included in the cost of training. The exam is mandatory with this training.

Who should attend Professional Scrum Master

The training is of interest to all those involved in software development based on the Scrum framework and provides a good basis to fulfill the role of Scrum Master.

More information on this training is available on the website Scrum.org:

<https://www.scrum.org/Courses/Professional-Scrum-Master>

We recommend you to read the Scrum Guide prior to the training. The training material and the PSM I assessment are in English and the training itself is provided in English.

Prerequisites

No entry level applies to this training. We recommend reading the Scrum Guide prior to training.

More information about this training can be found on the website of Scrum.org:

<https://www.scrum.org/Courses/Professional-Scrum-Master>

The training material and the PSM I assessment are in English and the training itself is also provided in

English.

Objectives

At the end of this training you have broad knowledge of Scrum, with a focus on the role of the Scrum Master and you are prepared to take the PSM I exam of Scrum.org.

About Capgemini Academy

Capgemini Academy's professionals offer what people in IT need. Our professionals have a keen eye for motivation, talent and are aware of specific contexts and circumstances. They move people to move. Programmes and courses that originate from daily experience of our both didactical and substantively strong trainers, light a fire within the individual IT professionals. Real life stories of our professionals' experience that tell how to solve problems and work with the people around it, do the rest.

An organization, like ours, helps people and their organizations day by day to get the best out of themselves and each other. We prepare them to defy tomorrow's challenges. We stimulate learning and curiosity. In order for individual IT professionals and their employers, to build better, longer and more intensive relationships. For mutual benefit.

Capgemini Academy. We transform IT professionals
