What is ASL® Foundation training including exam voucher

Most companies spend a lot of money and time on application management. ASL® can help to improve application support & maintenance processes. This also helps the improvement of the business and IT alignment. In this way ASL helps you to create more added value for the business and continuity for the support organization.

After this training course you understand the Application Services Library (ASL®) process framework for application management. You know the ASL® framework, encompassing the best way to manage and execute Application Support management in day-to-day practice. You are able to use the ASL® framework to improve business processes and the alignment of business and IT, thus creating added value for the organization.

This training includes a voucher for the official, internationally recognized exam.

The costs of the exam voucher are included in the price of the training. Shortly after the start of the training you will receive a voucher with which you can reserve your exam.

You can make a reservation for one of our exam days or book an online exam at a time and place of your choice. Bear in mind that you must plan your exam at least 5 working days in advance.
