What is PRINCE2® Practitioner

Organisations more and more use a methodology for managing their projects. The most regularly used method in the Netherlands is PRINCE2®. With the PRINCE2® Practitioner training you are ready for the next step in your career.

With PRINCE2® you have a method that helps you shape your projects from start to finish. In the PRINCE2® Practitioner training you work based on example scenario's and cases in practical application of the principles, processes, themes and tailoring which together define the method.

Our trainers are fully certified and have extensive project management experience. That way you gain insight in theory and practice. Also we prepare you for the [PRINCE2® Practitioner exam](#), so that you can feel confident that you can pass the exam and get the much asked for certificate for project management.

The exam is not included in the training. If you want to do the [exam](#), book it via our website.

PLEASE NOTE!

Mid 2017 a new version of PRINCE2 is published by Axelos, the owner of PRINCE2.

As of October 2018 both the Dutch and English courses of Capgemini Academy are based on PRINCE2 2017.

[Click here](#) for an overview of the changes for the 2017 edition for PRINCE2.

Who is PRINCE2® Practitioner for

This training is for everyone who wants to lead projects or is managing projects already. The training PRINCE2® Practitioner dives deep into the method and prepares you extensively for the [PRINCE2 Practitioner Exam](#).

We expect that participants preferably have knowledge of PRINCE2® on Foundation certificate level. You can also attend this training when you have a valid IPMA, PMI-PMP or PMI-CAPM certificate, but in this case we recommend you to familiarize yourself with the PRINCE2® terminology prior to the training.

You for example work in the role of:

- Projectlead
- Projectmanager
- PMO
- Project employee
