What is DEMO Master

You are involved in an organization that has to deal with a big change. There is therefore a need to redesign and restructure the organization. You have followed the Demo Bachelor but still want to go one step further.

The Demo Master training builds on the training Demo Bachelor. Demo Master will ensure that you have a deeper understanding of Enterprise Engineering and that you will be able to use it and its main theoretical pillars: Enterprise Ontology, Architecture, Governance and Design. Alongside this, you will learn the other two DEMO models (Fact Model and Action Model), to create, verify and validate the relationship between the four models so as to understand them in more detail.

After this training you will be well prepared to do the DEMO Master exam at the Enterprise Engineering instute (EEi). This exam is not included in the training. If you want to do the exam, please book it via the [Enterprise Engineering instute \(EEi\)](#).

Who is DEMO Master for

The training DEMO Professional is designed for anyone who works in the area of organization and ICT and wants to be more thoroughly trained in their profession. It is especially relevant for you if you are looking for a solid methodological foundation to support your work.

You work for example in the role of:

- Enterprise Architect
- Business Architect
- Analyst of Consultant
- Information manager
- Business process manager
- Quality manager

Or if you are responsible for the implementation and execution of activities in the areas of:

- Architecture
- Process design
- System development

The admission requirement for a training DEMO Master is that you have followed the training DEMO Bachelor. To be admitted to the Master certification, the Bachelor certification is a mandatory prerequisite.
