## What is COBIT® 5 Foundation training including exam voucher

COBIT® stands for Control Objectives for Information and related Technology and is internationally increasingly recognized as the de facto standard for control and management of information and information technology. It is a generic governance and control framework with guidelines that focus on "what is to be done" instead of "how it should happen." These guidelines provide practical tools for management, users, auditors, controllers and security specialists to address effectively within organizations their IT governance issues.

This two-day course shows why an IT control framework is needed and how COBIT® supports it. The various elements of this framework are explained using practical examples and assignments. You will learn that "IT governance" issues affect organizations globally and how COBIT® can provide a globally recognized solution with an IT control and governance framework.

At the end of this course you will know:

- How IT management influences your organisation
- Why on the basis of IT Governance issues that you need a framework
- How COBIT® meets the requirements of your IT Governance framework
- How COBIT® is used in relation to other standards and best practices
- The functions provided by COBIT® and the advantages gained by using COBIT®
- How the COBIT® framework works and knowledge of its components (Control Objectives, Control Practices, Management Guidelines, Audit Guidelines)
- How COBIT® supports other standards and frameworks: ITIL, ISO/IEC 38500, ISO/IEC 27002, COSO, Implementation Guide, IT Assurance Guide, Security Baseline, and Val IT 2.0
- How COBIT® can be used in a practical situation
- How the use of COBIT® is supported by the IT Governance Institute.
- The training provides a basis for the COBIT® Foundation exam that can be taken

separately.

This training includes a voucher for the official, internationally recognized exam.

The costs of the exam voucher are included in the price of the training. Shortly after the start of the training you will receive a voucher with which you can reserve your exam.

You can make a reservation for one of our exam days or book an online exam at a time and place of your choice. Bear in mind that you must plan your exam at least 5 working days in advance.
