What is Lean IT Foundation - Anytime AnyPlace Exam

This exam is a logical continuation of the training Lean IT Foundation. When you pass the exam, you will receive the Lean IT Foundation certificate from EXIN.

You must have already followed the training Lean IT Foundation.

The exam takes place on location at the Capgemini Academy, or at a location and time best suited to you if you have chosen for the variant Anytime Anyplace. All facilities for the physical exam will be provided by us. Our invigilator ensures that the examination takes place in a proper manner.

The training provides information over the content and structure of the exam. If you want to know more please look at the website EXIN.

You have to register at least 5 work days before the exam date.

Who should attend Lean IT Foundation - Anytime AnyPlace Exam

This exam is for everyone who wants to obtain certification and has followed the Lean IT Foundation training.

Prerequisites

You must first have followed the training at Capgemini Academy.

Pay attention! This is an anytime anyplace exam. In order to successfully complete the exam, you, your computer and your workplace must meet various conditions. Among other things, you need to be able to install a few things on your PC, you must have a good webcam and microphone, and your network must be of sufficient quality. You also need a quiet room where you cannot be disturbed. If you need help, a help desk from the exam institute is available for you. This help desk is available 24/7, but is in English. If you do not meet these conditions, there is a possibility that your exam cannot be started or will be rejected later. For the exact conditions, see the description on our website: <http://academy.capgemini.nl/thema/examens> If you cannot meet these possible preconditions, then there is also an alternative available. You can also take the exam at our office in Utrecht.

About Capgemini Academy

Capgemini Academy's professionals offer what people in IT need. Our professionals have a keen eye for motivation, talent and are aware of specific contexts and circumstances. They move people to move. Programmes and courses that originate from daily experience of our both didactical and substantively strong trainers, light a fire within the individual IT professionals. Real life stories of our professionals' experience that tell how to solve problems and work with the people around it, do the rest.

An organization, like ours, helps people and their organizations day by day to get the best out of themselves and each other. We prepare them to defy tomorrow's challenges. We stimulate learning and curiosity. In order for individual IT professionals and their employers, to build better, longer and more intensive relationships. For mutual benefit.
