What is Managing Benefits™ Foundation

The 'Managing Benefits™ Foundation' course is designed to address the challenges many organizations face with managing investments in change based on business value using the business case as a tool for justifying investments in change. The course offers techniques from the Managing Benefits guidance, aligned with popular project work guidelines like PRINCE2®, Managing Successful Programmes (MSP®), and Management of Portfolios (MoP®). The course will introduce you to the principles and practices of this directive launched by APMG and prepare you for the corresponding Foundation exam.

Who should attend Managing Benefits™ Foundation

- Project Managers: Learn how to integrate benefits management with project planning and control.
- Program Managers: Gain insights into how benefits management can drive program success.
- Portfolio Managers: Understand how benefits realization fits into portfolio management.
- Change Managers: Learn how to align change initiatives with benefits realization.
- Business Case Writers: Enhance your business case writing skills with a focus on benefits.

Prerequisites

Knowledge of managing change through projects. It is suitable for anyone interested in improving their organization's ability to manage benefits.

Objectives

At the end of the training you will be able to:

- Understand the need for benefits management in organizations.
- Make more complete and reliable forecasts of the benefits to be realized.

academy

- Recognize and take into account the cognitive limitations that hinder effective benefit management.

This course is the perfect course for professionals looking to enhance their benefits management skills and knowledge.

About Capgemini Academy

Capgemini Academy's professionals offer what people in IT need. Our professionals have a keen eye for motivation, talent and are aware of specific contexts and circumstances. They move people to move. Programmes and courses that originate from daily experience of our both didactical and substantively strong trainers, light a fire within the individual IT professionals.
Real life stories of our professionals' experience that tell how to solve problems and work with the people around it, do the rest.

An organization, like ours, helps people and their organizations day by day to get the best out of themselves and each other. We prepare them to defy tomorrow's challenges. We stimulate learning and curiosity. In order for individual IT professionals and their employers, to build better, longer and more intensive relationships. For mutual benefit.

Capgemini Academy. We transform IT professionals
