

Define & Refine Use Cases

Group Training

Training code	OO-DRUC
Spoken Language	Dutch
Language Materials	English
Dayparts	4
Price	€995,00 excl. VAT No extra costs.

What is Define & Refine Use Cases

Use cases are applicable in both waterfall projects, iterative projects and agile environments. Use cases are used to define, detail and document requirements. If you want to learn how to write use cases, how user stories and usage cases are related, how to draw up a use case diagram, how to draw up an activity chart and what best practices there are, then this training is what you are looking for..

This group training teaches you in an interactive way, using a practical case, to draw up documentation in the form of use cases. You also learn to visualize using UML diagrams, such as a use case diagram and an activity diagram.

There is ample attention for communication skills during the tuning, writing and presentation of the exercises.

Who should attend the Define & Refine Use Cases

This training is for everyone involved in defining, communicating and managing requirements. For example, you work as:

- System Analyst
- Requirements Specification
- Information Analyst
- Functional Design
