What is ArchiMate® 3 Foundation & Practitioner

ArchiMate® 3 is a comprehensive modelling language that provides a uniform approach to visualize, describe and analyse enterprise architectures. This training is perfect for those whose organizations use or plan to use ArchiMate®. After attending the training, you will be familiar with the concepts and philosophy of ArchiMate® 3.2, understand the differences between ArchiMate® and other modelling languages and architectural frameworks, learn how to apply the concepts and notation correctly, and be able to use ArchiMate® 3.2 in your situation. The training includes a voucher for the official ArchiMate® Foundation and Practitioner exam and is based on ArchiMate® version 3.2. After successfully passing the exams, you will be ArchiMate® 3 Practitioner (Level 2) Certified.

Who should attend ArchiMate® 3 Foundation & Practitioner

- Enterprise Architects: Gain a comprehensive understanding of architecture modelling and apply it in your organization.
- Solution Architects: Learn to visualize architectures effectively and communicate them across your organization.
- IT Professionals: Enhance your skills and add a valuable certification to your portfolio.
- Project Managers: Understand the architectural frameworks used in your projects.
- Consultants: Guide your clients with informed architectural strategies.

Prerequisites
