What is Certified Cloud Security Professional - CCSP

CCSP (Certified Cloud Security Professional) is the standard in Cloud Security certification of (ISC) 2 and the Cloud Security Alliance. Across six domains are topics like cloud architecture, the impact on risk management, business continuity, identity management and legal/compliance are covered.

Important topics like cloud environments in IT (Security) Audits and gaining hands-on experience in Cloud Security implementations in CCSP however remain underexposed. Only in this master class you participate in CCSP in combination with two included evening sessions based on the Cloud Security, Audit & Compliance training in which these themes are explored.

Who is Certified Cloud Security Professional - CCSP for

This training is specifically for:

- Security professionals,
- IT (Security) Auditors,
- virtualization or Cloud administrators,
- Risk Managers and everyone else involved in the security or implementation of cloud solutions

About Capgemini Academy

Capgemini Academy's professionals offer what people in IT need. Our professionals have a keen eye for motivation, talent and are aware of specific contexts and circumstances. They move people to move. Programmes and courses that originate from daily experience of our both didactical and substantively strong trainers, light a fire within the individual IT professionals.

Real life stories of our professionals' experience that tell how to solve problems and work with the people around it, do the rest.

An organization, like ours, helps people and their organizations day by day to get the best out of themselves and each other. We prepare them to defy tomorrow's challenges. We stimulate learning and curiosity. In order for individual IT professionals and their employers, to build better, longer and more intensive relationships. For mutual benefit.

Capgemini Academy. We transform IT professionals
