What is Working with Business Cases

The decision-making about starting and continuing investments in changes through projects and programs can be substantiated by using a Business Case.

A business case can also play an important role in actually realizing the benefits and evaluating change processes.

In this training we examine in a very practical way and based on a (fictitious) case the different ways in which business cases can be used.

Who should attend Working with Business Cases

This training is suitable for everyone who is involved in drafting or assessing business cases as part of changing projects.

General knowledge of project-based work as a basis is required, from practice or from training.

Prerequisites

General knowledge of project-based working as a basis is required, from practice or from training.

During this training you need a laptop.

About Capgemini Academy

Capgemini Academy's professionals offer what people in IT need. Our professionals have a keen eye for motivation, talent and are aware of specific contexts and circumstances. They move people to move. Programmes and courses that originate from daily experience of our both didactical and substantively strong trainers, light a fire within the individual IT professionals. Real life stories of our professionals' experience that tell how to solve problems and work with the people around it, do the rest.

An organization, like ours, helps people and their organizations day by day to get the best out of themselves and each other. We prepare them to defy tomorrow's challenges. We stimulate learning and curiosity. In order for individual IT professionals and their employers, to build better, longer and more intensive relationships. For mutual benefit.

Capgemini Academy. We transform IT professionals
