What is AZ-900: Microsoft Azure Fundamentals Exam training (AZ-900T01-A)

This one-day course will provide foundational level knowledge on cloud concepts; core Azure services; security, privacy, compliance, and trust; and Azure pricing and support.

We make use of Microsoft Official Courseware (MOC).

Note: This course does not provide an Azure pass or time for students to participate in hands-on labs. If you are interested in a more interactive hands-on lab experience, consider the AZ-900T00: Microsoft Azure Fundamentals (2 day) course, which includes hands-on labs guided by a trainer. The content for both courses align to the AZ-900 exam objective domain.

Who should attend AZ-900: Microsoft Azure Fundamentals Exam training (AZ-900T01-A)

This course is suitable for program managers and technical sales, with a general IT background. You want to learn about Microsoft Azure offerings, see how components are implemented, and learn more about products and features.

This course does not include an Azure pass or time in the classroom for students to do any hands-on activities. Students can get a free trial and do the walkthroughs outside of class. This course is primarily lecture and demonstrations. This course will help prepare someone for the AZ-900 exam.
