What is Functional Management for professionals (VFB®)

The field of Functional Management is currently developing rapidly. Nowadays there are Functional Managers in many shapes and sizes, from application-oriented specialists to broad-based generalists, but they all have one primary goal: to provide a reliable, agile, scalable and innovative information provision for the entire organization.

The program has a duration of five days and consists of ten modules of a half-day. Each module provides participants with concrete tools to translate theory and tools directly into practice. During the training, the participants work on this. Below is a brief overview of the modules.

Module 1 | What is Functional Management?

- Module 2 | Use of the information provision
- Module 3 | Managing the information provision
- Module 4 | Is it that slow or is it just me?
- Module 5 | Getting a grip on the influences from inside and outside
- Module 6 | What is the impact?
- Module 7 | We know the impact, and now?
- Module 8 | We know the impact and the priority. Build it!
- Module 9 | Did they do what we agreed?
- Module 10 | Everything is ready

Who should attend Functional Management for professionals (VFB®)

The program is suitable for both the novice and experienced Functional Manager.

Prerequisites

None

During this training you need a laptop with access to internet.

Objectives

After the training, participants will have practical tools and techniques that can be directly applied in practice as a Functional Manager.

About Capgemini Academy

Capgemini Academy's professionals offer what people in IT need. Our professionals have a keen eye for motivation, talent and are aware of specific contexts and circumstances. They move people to move. Programmes and courses that originate from daily experience of our both didactical and substantively strong trainers, light a fire within the individual IT professionals. Real life stories of our professionals' experience that tell how to solve problems and work with the people around it, do the rest.

An organization, like ours, helps people and their organizations day by day to get the best out of themselves and each other. We prepare them to defy tomorrow's challenges. We stimulate learning and curiosity. In order for individual IT professionals and their employers, to build better, longer and more intensive relationships. For mutual benefit.
