What is Certified BIO Professional including exam voucher

The BIO training deals with a practically applicable method in which information security for the government is set up as a quality model. All aspects that are necessary to implement information security in accordance with the Baseline Information Security Government (BIO) are discussed. The BIO describes the interpretation of information security and is mandatory for the government, municipalities, water boards and provinces.

Subjects:

- Background and Concepts
- Risk management
- Basic Security Levels (BBN)
- Approach & Implementation
- Information Security Management System
- Accountability for the BIO
- Chain cooperation
- Implementation
- Legal frameworks
- Controls and Government Measures
- Organizing information security
- Physical and environmental security

Who should attend the Certified BIO Professional including exam voucher

The BIO describes the interpretation of information security and is mandatory for the government, municipalities, water boards and provinces. Also for companies that work for or

collaborate with the Dutch government.

Prerequisites

The training is about information security management in accordance with the BIO and is not IT-technical in nature. There are no specific admission requirements to participate in this training.

Objectives

The Baseline Information Security Government (BIO) comprises a mandatory tactical standards framework for the Government. By participating in this training you will acquire essential knowledge and expertise that will enable you to implement information security in accordance with the BIO within your own position. The training is a recognized exam training for the Certified BIO Professional (CBP) exam. After passing the exam you are CBP certified.
