### What is PL-400: Microsoft Power Platform Developer [PL-400T00-A]

The Microsoft Power Platform is a powerful tool that helps organizations optimize their operations by simplifying, automating, and transforming business tasks and processes. In this training, participants will learn to create a technical design, configure Common Data Service, create and configure Power Apps, configure business process automation, extend the user experience, extend the platform, and develop integrations. This training uses MOC (Microsoft Official Courseware) and will be given by an experienced MCT (Microsoft Certified Trainer).

# Who should attend PL-400: Microsoft Power Platform Developer [PL-400T00-A]

- Business Analysts: Learn to automate business processes and create more efficient workflows.
- IT Professionals: Gain skills to extend the platform and develop integrations.
- Developers: Learn to create and configure Power Apps to meet your organization's needs.
- System Administrators: Understand how to configure the Common Data Service.
- Technical Designers: Learn to create a technical design that optimizes operations.

### **Prerequisites**

Basic understanding of IT concepts and familiarity with Microsoft Power Platform.

### Objectives

At the end of the training you will be able to:

- Create a technical design

# **About Capgemini Academy**

Capgemini Academy's professionals offer what people in IT need. Our professionals have a keen eye for motivation, talent and are aware of specific contexts and circumstances. They move people to move. Programmes and courses that originate from daily experience of our both didactical and substantively strong trainers, light a fire within the individual IT professionals. Real life stories of our professionals' experience that tell how to solve problems and work with the people around it, do the rest.

An organization, like ours, helps people and their organizations day by day to get the best out of themselves and each other. We prepare them to defy tomorrow's challenges. We stimulate learning and curiosity. In order for individual IT professionals and their employers, to build better, longer and more intensive relationships. For mutual benefit.
