What is Vue.JS Fundamentals for beginners

This training goes through all the important concepts of Vue.js, building towards a better understanding of the JavaScript framework and offers hands-on exercises to really grasp what Vue.js is about.

The training is blended with classroom training and self-study assignments.

What is Vue.js

- Initial setup and Vue.js instance
- Data binding and rendering
- Events, forms and properties
- Components and life cycles
- The Vue.js router
- Async and Vuex

Who should attend Vue.JS Fundamentals for beginners

For everyone looking to begin their Vue.js adventure or expand upon their already existing knowledge! You are for example a starting Frontend developer.

Prerequisites

The participants should have,

- Basic understanding of HTML, CSS and JavaScript
- Created a free account on codesandbox.io

During this training you need a laptop on which you can install software. Also, a laptop without strict company restrictions is preferred.

Objectives

After completing this course, you will be able to build a basic Vue.js application and explain the most important concepts.
