What is Mendix Rapid Developer Course

This is the standard course for all Makers on a Mendix career path. As the hands-on starting point in the Mendix app development approach, it is intended for those new to Mendix and app development. It explains the fundamentals of the Mendix platform as well as how, when, and where to use them. This course teaches how to create awesome apps with all the handy tools in the Mendix platform.

The following topics are included in this course:

- Explore Mendix
- Collaborate with your team
- Start using Mendix studio
- Adding data to your app
- Automating processes
- Start using Mendix Studio Pro
- Data validation and consistency
- Securing your app
- Go mobile

Who should attend Mendix Rapid Developer Course

Mendix proficiency path: Rapid

To be Mendix developers with no prior or minimal knowledge of the Rapid Application Development (RAD), such as:

- Developers
- Business Analysts
- Application Managers
- Project Managers

Prerequisites

Basic knowledge of Agile Development.

During this training you need a laptop on which you can install software: Mendix Studio Pro.

Objectives

After this training you can navigate, create, and deploy an app using Mendix Studio Pro. You are

- Able to work under supervision
- Able to find information using the documentation and forum
- Prepared for the Rapid Developer certification exam

About Capgemini Academy

Capgemini Academy's professionals offer what people in IT need. Our professionals have a keen eye for motivation, talent and are aware of specific contexts and circumstances. They move people to move. Programmes and courses that originate from daily experience of our both didactical and substantively strong trainers, light a fire within the individual IT professionals. Real life stories of our professionals' experience that tell how to solve problems and work with the people around it, do the rest.

An organization, like ours, helps people and their organizations day by day to get the best out of themselves and each other. We prepare them to defy tomorrow's challenges. We stimulate learning and curiosity. In order for individual IT professionals and their employers, to build better, longer and more intensive relationships. For mutual benefit.
