What is Consultancy Skills - Communication

As a professional, you must be able to deal with people inside and outside your own organization, which can vary greatly in character, background (socio-cultural) and subject.

A professional communicates with colleagues, managers (hierarchical inequality) and employees from different departments and layers of organizations and with different intentions: gaining information, passing on knowledge and insights into giving advice.

To get to a constructive way of communication and maintain this way, different insights and techniques (approach) are possible.

During the training 'Consultancy Skills Communicate' communication techniques are discussed and practiced, building on the 'Empathic Listening' training. Understanding your own communication style and knowing how to tailor it to the other is a red thread through the training.

After the training, the professional is familiar with the most common theories of communication and is able to optimize his / her own communication style based on that. The ultimate goal is to be able to interact with the other in order to be able to work with the other to take account of your own communication style.

Who should attend Consultancy Skills - Communication

Professionals with one year experience, who want to present themselves as a senior associate.

Senior implies: being able to switch responding to different characters and situations in order to create meaningful communication for both parties.

Prerequisites

Empathisch Luisteren

Objectives

After the training, the professional is familiar with the most common theories about communication and is able to optimize his / her own communication style based on this. Taking into account your own communication style, the ultimate goal is to be able to enter into a connection with the other in order to be able to collaborate with the other on that basis.
