What is TOGAF® 9 Training: Level 1 and 2 Foundation and Certified

If you are a Business or IT Architect who is contemplating or has decided to exploit the TOGAF standard in Enterprise Architecture Projects then this five-day training is for you. The training covers in depth the various characteristics of the TOGAF standard, Version 9.2: the Architecture Development Method, and key concepts such as the Enterprise Continuum and the Content Framework.

The TOGAF® 9 Certified Training (level 1 and 2): Certified training provides the knowledge and insight needed to use the TOGAF standard effectively in your enterprise architecture work and to pass the exam for your TOGAF certification.

Upon completion of this course you will have the knowledge and understanding necessary to use the TOGAF standard, Version 9.2 effectively in your enterprise architecture work and to achieve the exam for your TOGAF certification.

Who should attend TOGAF® 9 Training: Level 1 and 2 Foundation and Certified

This course is intended for people who have started working as an architect and want to apply the TOGAF standard, Version 9.2 in practice. The training is also useful for architects pursuing the TOGAF Certified certification. To participate in this training you should have at least several months of architectural experience.

This training is aligned with the TOGAF standard, Version 9.2 specification and is recognized by The Open Group. This course combines the content and exams for Foundation and Certified Levels.

With this training, an exam voucher is included. You will do the exam at a Pearson Vue exam centre, time and location can be booked via Pearson Vue.

After passing the examination at the end of the training you will be registered in the Register of The Open Group. The examination is held in English. You are allowed extra time to take the exam if you have English as a second language.

The program also requires an amount of self-study. In preparation for the first training day you should consider about eight hours of preparation time. The preparation time for the second to the fifth day is four to eight hours.

The cost for the exam is part of the total cost of training .

Prerequisites

Read more about the online exam solution and (technical) prerequisites on <https://certification.opengroup.org/docs/OnVUE-Take-Exam-Tutorial.pdf>
