What is PRINCE2® V7 Practitioner

Organizations more and more use a method for managing their projects. The most regularly used method in the Netherlands is PRINCE2®. With the PRINCE2® Practitioner training you are ready for the next step in your career.

You work based on example scenarios and cases in practical application of People, principles, processes, practices and tailoring which together define the method.

Our trainers are fully certified and have extensive project management experience. That way you gain insight in theory and practice. Also, we prepare you for the PRINCE2® Practitioner exam, so that you can feel confident that you can pass the exam and get the much asked for certificate for project management.

Who should attend PRINCE2® V7 Practitioner

This training is meant for anyone working as a Project Manager or wanting to become a Project Manager.

The training PRINCE2® Version 7 - Practitioner dives deep into the method and prepares you extensively for the PRINCE2 Practitioner Exam, based on Version 7.

You for example work in the role of:

- Project lead
- Project manager
- Project Management Officer
- Project employee.

We expect participants to have knowledge of PRINCE2® on Foundation certificate level. You can also attend this training when you have a valid IPMA, PMI-PMP or PMI-CAPM certificate, but in this case, we recommend you familiarize yourself with the PRINCE2® terminology prior to the training.

Prerequisites

The participants are expected to preferably have PRINCE2® knowledge at the level of the PRINCE2® Foundation certificate. For the exam you need to have a valid PRINCE2® Foundation certificate version 6 or 7. Participants with a valid IPMA, PMI-PMP or PMI-CAPM certificate are also very welcome; we do advise them to familiarize themselves with PRINCE2® terminology prior to the training.

Objectives

Upon completion of the training the participant has skills in all aspects of the PRINCE2 method and its application in projects:

- Managing Stakeholders (People) in and around the project
- Preparing Change in the organisation
- Tailoring the roles in the Project Management Team
- Making a product based planning
- Managing Issues and Risks
- Het opzetten van een risico analyse.

In addition, you are prepared, after sufficient self-study (at least 20 hours), to successfully pass the PRINCE2 Practitioner exam
